There are certain legal requirements that should be considered when running a campaign. The laws are referred to as Campaign Finance. The US Taxpayers Party is committed to helping you make sure these laws are not violated by mistake or omission. We are here to help you with the initial paperwork, which is why we ask for much of the information with this form. We will not only provide you with all the help you need to get started, we will work with you during your campaign to ensure the applicable laws are satisfied.

The campaign paperwork that needs to be filed may have to be filed with either the Michigan Bureau of Elections or your county, depending on the office for which you are running. Your County Committee Chairman should be able to help you with this. If not, or if you are unable to reach your County Committee Chairman, please contact the Campaign Committee Chairman for more information.

Is there anything our Party should be informed about so we will not be blindsided? If so, please explain below, use a separate sheet of paper or call Bill Mohr at 616-366-3518. This WILL NOT be made public.

Answering "No" to any of the questions on page 2 will not necessarily disqualify a person from running for office on the party slate. If you need to explain any answer given, please use the Notes and Comments space below or a separate sheet of paper as an attachment.

As the US Taxpayers Party of Michigan grows, we are working diligently to expand and grow our County Committees. Involvement in the County Committee structure is a great way to not only learn the political and party process, but also to gain support for your next campaign. It also provides the avenue for assisting others in their campaigns, allows a structured means of influencing governmental legislation and provides for you a "strength in numbers" environment. We hope that, following the election, whether you win or lose, you will consider becoming a part of your County Committee or work with us in starting one if there is not currently one in your county. Contact us for more information.

I attest to the accuracy of the above listed information and understand that false or misleading answers may lead to my expulsion from the US Taxpayers Party of Michigan.
